

Interceptor 800

Quick Start Guide

Printer Features

Loading Paper

- Pull up on paper door lever to release paper door.
- Drop in paper with leader coming off **top** of roll as shown.
- Tear paper up or down against tear edge.

I800 with Optional Battery - Charging & Use

- Charge via the printers USB port using a standard USB Micro-B charger.
- Approximate Battery Life of 100 pages.
- New batteries shipped in uncharged state.
- Charge for 8 hours prior to first use.
- USB port is also "data in" port in normal cabled use.

Printing Self-test

- Turn off printer
- Press and hold  &  approximately 8 seconds.
- Release when self-test begins to print.

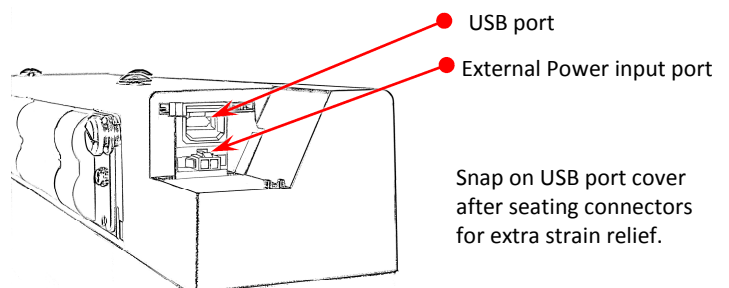

Indicator Panel

Indicator	Symbol	Type	Function
Power		Button & LED	Turns printer power on or off. An indicator LED will light when power is on.
Battery		LED	Indicates battery-powered operation.
Attention		LED	Indicates paper jam or other malfunction.
Paper Feed		Button	Advances paper from printer unit.

Note: Wi-Fi and Bluetooth printers will include indicator light for wireless communication.

I800 without Battery - Cable Installation

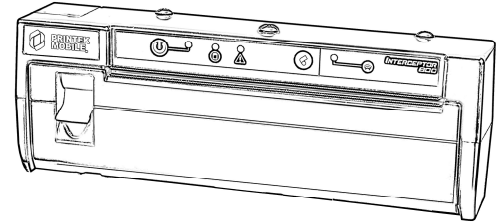

Note: Can be used with either 12V or 24V vehicle systems.
